

## Feathers

### ***Feathers Appear When Angels Are Near:***

*What Is The Meaning Of Finding Feathers? ... Coming across a feather in your path, or finding a feather in an unexpected place is thought to be a message from the Angels A **white feather** can*

*also be your Angel telling you that any loved ones in heaven are safe and well.*

### *Symbolic Meanings of Feathers*

Symbol meaning of feathers deal with ascension and spiritual evolution to a higher plane. Feathers were worn by Native American Chiefs to symbolize their communication with Spirit, and to express their celestial wisdom. Feathers also represented the power of air and wind.

In Christianity feathers represented virtues. In fact, an image of three feathers was made into signet rings - each feather symbolizing Charity, hope, and faith. These rings were worn as a symbol of a virtuous soul - they were also used as wax seals. The ring would be dipped in warm wax then pressed against documents to seal the closure. The recipient would know the documents came from a virtuous man by the indication of the three-feather symbol in the wax.

Feathers represent Truth, Speed, Lightness, Ascension

I made the tarot cloth from this material because it represented connecting with our spiritual realm which is what reading the cards is all about. We are all energy, frequency and vibration and understanding that idea helps us to understand ourselves and the reading.
