

I chose the various designs on the cloths because they resonated with me. If I didn't feel good about the fabric design I went on to the next one till I felt a good energy and it said Pick Me. ☺

The fabric also represented to me connecting with our spiritual realm which is what reading the cards is all about.

We are all energy, frequency and vibration and understanding that wisdom helps us to understand ourselves and the reading.

***The Tarot Clothes are 100% cotton. If you wash them do it in cold water, gentle cycle and let air dry and press with iron. For me I would prefer to hand wash and let them dry outside where they are enfolded by nature.***

**The Wolf is a symbol of** guardianship, ritual, loyalty, and spirit. **Wolf** has the ability to make quick and firm emotional attachments, and often need to trust their own instincts. Thus they teach us to do the same, to trust our hearts and minds, and have control over our own lives. The lessons wolf teaches are not always easy to swallow, but nevertheless necessary.

If you feel a wolf is your spirit guide or your drawn to them, or maybe regard them as your animal totem, you might want to consider their meaning in your life:

Wolf power or spirit animals point to an appetite for freedom and living life powerfully, guided by instincts. When a wolf manifests its presence as a guide in your life, it could be a call to live your life more freely, to bring the intensity of passion in your everyday endeavors.

Wolves are wild animals that are not easily domesticated and when they appear as spirit guides, they could be an invitation to look at what supports your authentic self and the true expression of yourself. The wolf totem is a reminder to keep your spirit alive and trust your instincts to find the way that will best suit you.

There are many Tarot Decks available with Wolves, I Goggled "Tarot Decks with Wolves" and found many decks with information and photos of the cards, along with some you tube videos.

I hope you enjoy your Wolf Tarot Cloth,

Warmest wishes, Shashana
